Dear Valued Associate:

Please be aware that the following Cigarette Rolling Machines are not returnable to Hibbert & McGee Wholesalers for credit:

Excel Supermatic (#054321), Gambler Table Top Injector (#026259),

Premier Supermatic (#066619), Premier Supermatic 2 (#022007),

Shargio-O-Matic Table Top (#012773), Top-O-Matic (#004168)

These machines are covered under manufacturer's warranties, and information about the warranty is included inside the packaging for the rolling machines. These warranties are from the manufacturer to the consumer and not the wholesaler or retailer of the product. Since we cannot return this product for credit, we cannot offer credit to your store. Your customer, however, will be covered under that specific manufacturer's warranty.

You may find it helpful to explain this warranty coverage to your customer when they purchase the rolling machine so that they will know how to remedy a problem should one occur.

Thank you for your continued business; all of us at Hibbert & McGee appreciate it very much.

Sincerely,

Tom McHugh
